Lo! - you know contractors pull quotes from these type emails and put them in ALL CAPS BOLD in their next proposal when competing for new contracts :) Jen will be quoted for sure -- but that's ok. They've done a good job.

I very much agree with everything Jen said, and I will add one more thing:

Don't any of you go getting a big head over this.

:)

DRUM ROLL PLEASE...

Final memoranda are attached and have been submitted to CSTAG.

Thank you for so patiently enduring this experience with Diane and I. I can't stop telling our team here in NY about how impressed and grateful I am to have such a strong group supporting us through the CSTAG (and RI/FS) process. Thank you for being so reliable, responsive and for ensuring that we submitted a quality product to CSTAG.

Sleep well tonight! Onto the presentations tomorrow :)

- Jen

Subject: CSTAG - LPRSA 11 Principles Memorandum

Karl,

On behalf of Region 2, please find the Lower Passaic River Study Area 11 Principles Memorandum. I have also attached a Supplemental Briefing Memorandum. The intended purpose of the Supplemental Memo is to ensure that the six items listed in the Appendix to the January 9, 2017 guidance are adequately presented to the CSTAG.

I have yet to receive written remarks from our stakeholders yet. I expect written remarks from CPG and NOAA/USFWS this week and NJDEP and CAG next week. I will forward those along once received.

Please let me know if you have any questions or need additional information in advance of our meeting.

Thank you for all your help with this process,

Jen
